School Report Form – Weekly Updates (Cluster(s) of Illness/Increased Absenteeism)

Please call Epidemiology immediately at 714-834-8180 if a large number of students in affected classroom(s) or other defined groups are high-risk students. A list of high-risk conditions by illness type can be found on our website at www.ochealthinfo.com/phs/about/dcepi/epi/schools. Updates on outbreaks of reportable diseases (e.g. pertussis, meningitis, etc.) should be provided with each new case or daily using the template line list.

Date of report: ___/___/___ School district: _____ School name: _____

Person sending report: _____ Type of illness: Respiratory illness GI illness No. of new medical visits: _____

No. of students/staff newly hospitalized: _____ Diagnosis: _____ Laboratory results: _____

Type of illness report: Increased absenteeism (10% above ADA) Cluster(s) of illness (20% of classroom/group with minimum of 5)

Please list requested information by group affected. Include one line for each classroom, grade, etc., and a separate line for each day.

Date	Increased Absenteeism		Cluster(s) of Illness					
	No. of students absent	No. of staff out ill	Group affected (classroom grade, etc)	No. of students in affected group (ill & non-ill)	No. of high-risk students/staff (ill & non-ill) affected	Total no. of students ill w/ similar symptoms	No. of newly ill students	No. of newly ill staff members
