This presentation is intended for adults only.

The Orange County Sheriff's Department is hosting multiple public presentations throughout the county covering the most up-to-date drug trends involving adolescents. This training has been presented across the nation to educators, other law enforcement agencies, health care professionals, and parents. The presentations are open to the public and will be given by Drug Liaison Deputies representing your community. For further information please contact Sgt. Mike Pixomatis at (714) 647-1806 or email: mpixomatis@ocsd.org.
