**Newport Boulevard Grind and Overlay**

**Project Summary**
OC Public Works will complete routine pavement maintenance and repairs along Newport Boulevard in the unincorporated North Tustin area of Orange County. The project limits are between the County/City of Orange Boundary north of Kings Bridge to Hyde Park Drive. See the project area map below. **Access to residences may be limited and lane closures will be required during working hours. Traffic control measures will be present; however, area motorists should expect delays when travelling through the project area.**

**WHAT**
Work activity consists of grinding and paving the existing asphalt concrete, roadway striping and stenciling. OC Public Works will modify the traffic signals located at the intersection of Cowan Heights Drive/Rockhurst Avenue once the pavement work is complete; therefore, the pavement work at the intersection will be deferred to a later date to ensure the aesthetics of the road are not compromised.

**WHEN**

**Anticipated Construction Duration**
April 13 — June 15, 2020

**Working Day & Hours**
Weekdays | 8:30 am — 4 pm

The construction schedule is tentative and subject to change due to weather and other factors.
