FOR IMMEDIATE RELEASE

Alonso Autopsy Results

SANTA ANA, Calif. – (April 29, 2015) – On Wednesday, April 29, 2015, the Orange County Sheriff’s Department’s Coroner Division conducted an autopsy of Erica Alonso, 28, following yesterday’s discovery of her body in the Cleveland National Forest. Following the autopsy and extensive examination of her body, the cause of death is “undetermined” and there were no obvious physical signs of trauma. Sheriff’s Investigators continue to examine information and process evidence collected throughout the investigation.

Fingerprints were collected during the autopsy and are currently being matched with Cal-ID records to officially confirm Alonso’s identity. Confirmation is expected later this evening or tomorrow.

Anyone with additional information is asked to call Orange County Sheriff’s Department’s Homicide Unit at (714) 647-7055 or (714) 647-7000. Anonymous tips may also be submitted to Orange County Crime Stoppers at 855-TIP-OCCS (855-847-6227) or at occrimestoppers.org.
